

Pupil Premium Personal Budgets Report for Finance Committee 16th May 2016

Pupil Premium Personal Budgets continue to be an effective aspect of provision to encourage participation, good attendance and parental engagement.

- The spend on trips and camp indicates that this additional resource for the DPP pupils is enabling participation in residential trips and making contributions to trips in curriculum time.
- The standard of uniform throughout the school is much improved and this enables pupils to feel an equal part of the school. It is noticeable that parents are now much more aware of and keen to explain 'non uniform events' e.g. a broken shoe etc.
- Parental attendance at Parent's Forum and Consultation evenings is carefully tracked and it is clear that individual consultations are well attended.

- Summer term consultations have not yet taken place

The personal budgets balance remaining for this academic year is £3713.94.
